FLAGSTAFF

Dear Dr. Kalla,

WILLIAMS

Thank you for your wonderful presentation on "Speak From The Heart," given to my class on May 16<sup>th</sup>, 2003; it was par excellence, and enhanced the speaking skills of the students. The students especially liked receiving your "Speech Outline" and "Virtue Exercise" handouts, which they can practice in class and at home. During the Q & A portion of your presentation, the students thoroughly enjoyed finding out more about your interesting life, your observations, and your service to others. The evaluations of your talk were overwhelmingly favorable.

Dr. Kalla, since your first and second presentations were so successful, I am happy to extend an invitation to you to come back for future presentations for my Fundamentals of Speech Communication class. I have made plans for you to be a guest speaker starting this summer, 2003, and I have scheduled you for June 12<sup>th</sup>, 2003, in room 457, from 2:30 p.m.-3:55 p.m., which will be my last speech class scheduled for this summer, but I will send you the speaking dates for the Fall semester, 2003, to confirm.

Again, thank you for an outstanding presentation, and for taking the time out from your busy schedule. Also, I extend my thanks to your assistant--Angela, for her service to my class.
